

The **Regional Mathematics Centre** presents a...

FREE

one day training course for the Learning and Skills sector

Developing Mathematics/Numeracy teaching and learning

to book a place on this course please complete the attached booking form or contact Janice Collins, Project Administrator, email Janice@acer.ac.uk or tel. 01480 409305

Aim

To introduce participants to the purpose, content and structure of the Adult Numeracy Core Curriculum and to explore a range of strategies and approaches to develop mathematics/numeracy skills.

Audience

- Mathematics / Numeracy teachers and tutors
- Learning Support Practitioners
- Vocational Tutors
- Key Skills tutors and assessors

Content

On this one day training course there will be opportunities to;

- consider the purpose, structure and use of the Adult Numeracy Core Curriculum
- develop 'four rules' calculation strategies
- explore 'active learning approaches' in Mathematics/Numeracy
- investigate a range of mathematics/numeracy resources and websites

Date	Venue
9th January 2009	Smartlife Centre, Cambridge Regional College

This training will be available free to participants meeting ACER's eligibility criteria (please see the booking form) otherwise limited places may be booked at a cost of £75 per day.
