

# Photography Competition

Your chance to win a Compact Digital Camera or Digital Photo Frame and the Distinction of being the Adult Learners' Week 'Photographer of 2009'!

**This year's Themes:**

- o **The Great Outdoors**
- o **Happiness**
- o **Animal Magic**

**Judges' tips:**

Above all, the judges will be looking for photographs that interpret the theme in the most creative way, and with pictures which are both clear and well composed.

All of these themes offer a wonderful choice of subjects and will enable you to be as creative as you wish - good luck!

**Closing date:**

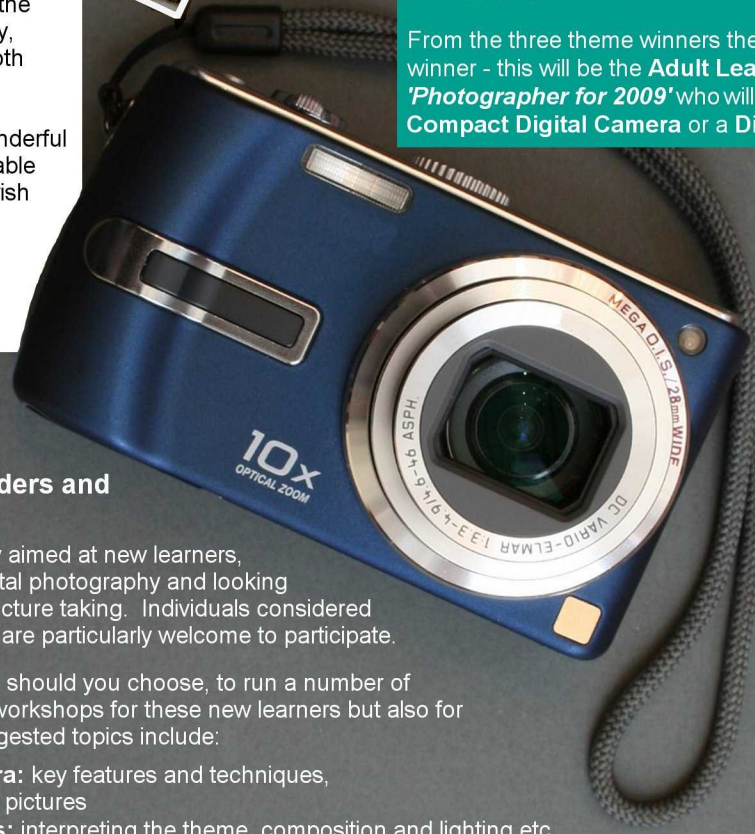

Friday 10th April 2009  
(see the Rules panel)

**The Prizes**

For each theme there will be: one winner, a runner-up, two highly commended and two commended. The three winners and three runner-ups will each receive a photography related prize and all will receive a certificate.

From the three theme winners the judges will pick an overall winner - this will be the **Adult Learners' Week 'Photographer for 2009'** who will win their choice of either a **Compact Digital Camera** or a **Digital Photo Frame!**

**A note for learning providers and other delivery partners**

This competition is primarily aimed at new learners, especially those new to digital photography and looking to get the most from their picture taking. Individuals considered disadvantaged or excluded are particularly welcome to participate.

It gives you the opportunity, should you choose, to run a number of photography related short workshops for these new learners but also for your current learners. Suggested topics include:

- o **Using a Digital Camera:** key features and techniques, plus saving / uploading pictures
- o **Taking better pictures:** interpreting the theme, composition and lighting etc
- o **Preparing & printing pictures:** working with pictures on a computer; cropping, resizing and enhancing - plus, printing and preparing for entering the Adult Learners' Week Photographic Competition!
