How to maximise sales in retailing, generate & recognise product knowledge and benefits, merchandising and sales techniques for success.

3 one day drop-in workshops

16 July, 23 July and 6 August 2009

13 August, 20 August and 27 August 2009

What is evolve?

A **free** programme to support individuals and SMEs in Norfolk through the current economic downturn and to help them into a stronger position as the economy recovers.

Venue: St. Andrew's House, Norwich

At St Andrews House, you'll find the same contemporary office environments that set the agenda in the latest developments of Canary Wharf or the financial quarter in New York.

All of our training facilities have their own projection and digital technology facilities, including smartboards and digitizers. Each room boasts a range of flexible furniture that allows the method of delivery to be varied from topic to topic and group to group.
