FREE

one day training course for the Learning and Skills sector

An Introduction to teaching and delivering Language, Literacy and Numeracy through the context of Finance

to book a place on this course please complete the attached booking form or contact Janice Collins, Project Administrator, email janice@acer.ac.uk or tel. 01480 409305

Aim

to enable Skills for Life practitioners to start to develop literacy, language or numeracy programmes using a financial context

Audience

- Skills for Life Tutors working in Further Education, Prisons, Adult and Community learning, Work-based learning or a Private Training provider

This may also be of interest to people working in charities or voluntary organisations who are asked for informal advice on budgeting and money management.

Content

This one-day workshop will offer you the following opportunities:

- To explore how to embed financial capability into existing Skills for Life teaching
- To understand why finance is an important context for the delivery of both numeracy and literacy and the issues that this causes for Skills for Life tutors
- To investigate the resources that exist to deliver finance
- To gain a NOCN qualification at level 2 (optional)

For further information, please contact Gill Johnson on 01473 749579 or email Gill.Johnson@educ.suffolkcc.gov.uk

Date	Venue
14 th January 2009	British Racing School, Newmarket

This training will be available free to participants meeting ACER's eligibility criteria (please see the booking form) otherwise limited places may be booked at a cost of £75 per day.
